

## Greenland Point Center

Greenland Point is situated on a 64-acre peninsula which extends into Long Lake. The peninsula is covered with a mature forest rich with wildlife. Songbirds frequent the cabin circle during the day, and calls of the loon fill the night. Adult fox and their kits entertain guests, and moose and deer are often spotted during walks along the trails.

Fireplace in the Main Lodge

### Facilities

Twelve log or wood-framed cabins blend into the forest and provide warm accommodations for sleeping or other activities. Each cabin is comfortably furnished with bunkbeds, single beds, a table, chairs and a bureau. All cabins have electricity and some are handicapped accessible.

The Main Lodge, also handicapped accessible, is a traditional Maine Sporting Camp style. It houses the dining hall and features a fireplace. The kitchen facility is large and well-equipped. Downstairs there is a multi-purpose class/event room and library with fireplace.

There are two shower/bathroom facilities, one located on the lower level of the Main Lodge, and the other near the cabin circle. All have electricity and hot and cold running water.

### Directions

Princeton is located on US Route 1 north of Calais and south of Houlton. When you get to the center of town, look for an Irving Convenience Store and West Street. Turn (left from Calais or right from Houlton) onto West Street. Continue on West Street for 1.7 miles. Turn right onto Greenland Point Road and travel for 0.9 mile. Greenland Point Center is on the right. There will be lots of signs.
